

GRAFTON COUNTY NURSING HOME  
VOLUNTEER PROGRAM

MISSION STATEMENT:

It is the philosophy of the Grafton County Nursing Home Volunteer Program to offer assistance to the Activity Department in providing meaningful activities and social programs for all residents. Our program is designed to enhance the resident's quality of life through friendship and support in bridging a gap from the resident's life here and the community.

Volunteers are a vital part of our Nursing Home. They represent the talents, gifts, and experiences of our local community. They are team players who help to enhance the quality of life for our residents. Without their dedication and commitment, we would not be able to offer the large variety of programs, special events, and trips that they currently enjoy. Joining our Volunteer family at Grafton County Nursing Home gives you a feeling of being a part of making life happen for the many residents who live here.

Assisting with group activities such as bingo, musical programs and special events
